David J. Bradley, Clerk of Court

Ohio: On Sep 29 the US Supreme Court ruled 5-4 that the Sixth Circuit Sep 24 decision requiring Ohio to continue to let voters cast early votes during the first week of Oct, the Sun and Mon before election day, and evenings on other days should be set aside until the Supreme court has a chance to think about the case.

Husted v Ohio State Conference of the NAACP 14 A 336.

Enclosed is a letter similar to letters I mailed to ALL the US Supreme Court Justices and ALL US Circuit Courts of Appeals. I am now mailing more similar copies mentioning ALA LEG BLACK CAUCUS v ALABAMA and JAPAN elected its lower house by limited voting from multi-member districts from about 1947 (McArthur) to about 1987.

I suggest single-member districts w/limited voting backup. I suggest seven districts for Irving TX ISD (Fitzwater). Same for Ferguson MO, city in Turmoil.

I want to come to San Antonio to talk about limited voting.

I am the interested party pro se with notice (I got orders) in VEASEY v PERRY 2:13cv193 suggesting a limited voting backup ballot for the Texas (and now with arg set for Nov 12 Alabama) State House with candidates paying a filing deposit to get on the backup ballot in their own and 2-4 additional districts.

Trial started Sep 2 in Corpus christi with followup in San Antonio which is freezing me out.

Voters who like the primary winners may omit the backup ballots but those who don't may foment violence mayham and chaos. Is violence the price of liberty? The backup ballot may promote good behavior by winners and inhibit tyranny, violence, mayham and chaos.

See HUNTER v UNDERWOOD on ALABAMA.

CALERA AL elects six city councilmen by limited voting.

GINSBURG's comments in SHELBY CO are misleading.

GUIN AL seven by cumulative voting since about 1987.

PEORIA IL five by cum voting and five by wards since 1991.

JAPAN elected its lower house by limited voting from multi-member districts from about 1947 (McArthur) to about 1987.

I suggest single-member districts w/limited voting backup:

VEASEY v PERRY (Corpus Christi)

1 So if it is a generalized interest that True the Vote
2 is trying to protect, then the Government is supposed to
3 protect that. There is proof that the Government has and so
4 True the Vote should be allowed to intervene in this process to
5 show that those interests are not being protected by what's
6 being reported to them by the Government.

7 So I think it's a little disingenuous for the
8 Government to say, well, we can protect the integrity of the
9 election if you'll just give us the information and True the
10 Vote has, in fact, given the information and nothing is done
11 with it and then they want to object to True the Vote
12 intervening in the case to bring to the Court's attention where
13 there are voter integrity issues when the Court is trying to
14 address whether or not something as simple as voter I.D. is, in
15 fact, a reasonable effort to thwart election fraud.

16 **THE COURT:** Okay. Anything else on -- from True the

18 **MR. TRAINOR:** Not as to a matter of right, your

20 **THE COURT:** Okay. Then I'll let the United States
